10 PETITION UNDER Rule 182

The captioned Reissue Application is subject to infringement litigation which has been stayed pending action by the Patent Office.

15 Applicant respectfully requests that the Reissue Application be forwarded immediately to the Office of Legal Affairs for a merger review, and then examined, without further delay. Specifically, Applicant requests waiver of the two-month delay period provided for in Manual of Patent
20 Examining Procedure § 1441.

STATEMENT OF FACTS

1. The Office issued Letters Patent No. 6,431,874 on 15 August 2002.

25 2. The patent owner notified the accused infringer of the patent and, failing to receive a satisfactory response, instituted infringement litigation in Federal court in New Jersey.

3. The accused infringer responded by identifying a substantial volume of prior and subsequent art which, according to the infringer, invalidates the issued patent.

4. The patent owner reviewed this material and believes it does not invalidate the patent; to the contrary, much of it **supports** the patent's inventiveness.

5. The patent owner and the Court would, however, like to solicit the Patent Office's independent expertise in reviewing this material.

6. Accordingly, the patent owner filed the captioned reissue application on 30 June 2003.

7. The patent owner contemporaneously filed reexamination application Serial No. 90/006,704.

8. For its part, the Court stayed the litigation, pending action by the Patent Office.

9. The Reissue Application was published in the Official Gazette on 21 October 2003.

10. On 4 Nov. 2003, the accused infringer demanded by email that the patent owner waive the public notice period. In his email, the accused infringer represented that he had months earlier already filed whatever Protest he deemed necessary, so the two-month waiting period would be warranted. Further, the accused infringer demanded waiver "IMMEDIATELY" and "ASAP." See M. CORNMAN, Email to M. POHL (4 Nov. 03) at ¶ 2 ("we urge you to take this step ASAP. Please let us know by return whether you will 'waive' the protest period(in fact, we have already [sic] protested and the USPTO has acted 'favorably'.")

11. The patent owner did not want to be accused of wrongfully cutting off the infringer's opportunity to protest. The patent owner thus asked the infringer for

written consent to waive the waiting period. See M. POHL, Letter to M. CORNMAN (11 Nov. 03) (copy enclosed)

12. In response, the accused infringer returned its consent to the waiver to me. See M. CORNMAN, Letter to M. POHL (13 Nov. 03).

13. Interestingly, the accused infringer filed a Protest in the Patent Office on 13 Nov. 03. See M. CORNMAN, Protest Under 37 C.F.R. 1.291(a) (13 Nov. 2003) (cover letter enclosed). I thus question the motive behind his 4 Nov. 03 representation that he had "alredy protested" [sic] and demand that I request a waiver "IMMEDIATELY" and "ASAP."

13. The Federal Court having stayed litigation pending Patent Office action, and the accused infringer having consented in writing to waive the two-month waiting period, it appears appropriate that the Patent Office waive the two-month waiting period and act on the application immediately.

POINT TO BE REVIEWED

Whether the two-month waiting period under M.P.E.P. § 1441 may be waived?

ACTION REQUESTED

Applicant respectfully requests that the two-month waiting period under M.P.E.P. § 1441 be waived and the Reissue Application be immediately forwarded, together with co-pending Reexamination Application Serial No. 90/006,704, to the Office of Legal Administration for merger analysis.

ENCLOSURES

The exhibits discussed and the appropriate petition fee
are enclosed.

Subject: RE: Certificate of Correction US Patent 6,431,874; Reissue
Waiver 2 month protest period

11/4/2003

FILE COPY

Dear Mr. Pohl;

1. The USPTO procedure with regard to Certificates of Correction is really quite simple and straightforward. It is set out in 37 CFR Secs. 1.322 et seq. and deals with "a mistake clearly disclosed in the records of the Office". One of the 3 ways of initiating the issuance of such a Certificate, "acting on information supplied by a third party", is the motivating force in the present case. The third party here is NOT us; rather it was the Oblon firm whose actual request was NOT retained by the Office pursuant to Sec 1.322(2)(ii). The Certificate, if indeed one is to be issued, will be sent directly to patentee or the attorney for the patentee who was "afforded an opportunity to be heard". The only Petition on file is the one you filed; you, rather than us, should receive the decision by today or tomorrow at the latest since it was mailed on Oct 29. You are the ONLY attorney of record in all the proceedings. It is you and it is Mr. Syznalski and his other attorneys, including Fox & Fox and Stephans, who are under an "uncompromising duty of candor" to the USPTO imposed by Rule 56.

2. It now appears that the "reissue/reexam" proceedings will be delayed as a result of this latest Certificate of Correction action, especially since the claims to be "reissued" and/or "reexamined" are NOT the claims you submitted with your requests (the mis-printed rather than allowed claims). Nevertheless, you/Goen can expedite the examination of the reissue (whether or not it is "merged" with the reexam) by simply waiving the 2 month "protest period" which began 10/21/03 and ends 12/21/03; see MPEP 1441. We note that patentees whose patents are subject to reissue exam in stayed litigation, avail themselves of such a "waiver" so as to get the reissue examined IMMEDIATELY and with "special dispatch". Accordingly, we urge you to take this step ASAP. Please let us know by return whether you will "waive" the protest period (in fact, we have already protested and the USPTO has acted "favorably".)

3. We have, during the actual typing of this letter, received the "Decision Dismissing Petition", ADDRESSED AND MAILED TO YOU, as a result of a request to the USPTO. I have forwarded a copy to you/Bob Rothberger by fax. We contemplate filing this Decision, with its legal consequences with the Court shortly and with your own decision as to the requested "waiver".

PROTEST UNDER 37 C.F.R. 1.291(a)
(OG Publication Date: October 21, 2003)

SIR:

The undersigned attorney, on behalf of Gorayeb Seminars Inc., Gorayeb Nutritional Products, and Ronald Gorayeb, all named defendants in pending litigation asserting infringement of U.S. patent 6,431,874, protests the allowance of any of the original claims 1-8 (which claims were misprinted), all of which are properly limited to "lobelia" in limitation "(C)" of claims 1 and 3 as shown in PTO Decision of October 29, 2003 (Exhibit 1 hereto).

The '874 "inventions" of the claims as allowed are anticipated under §102 and/or would have been obvious under §103, in view of the prior art "Gary Method" public uses, public sales, offers for sale, and publications documented in the Shira Block Declaration (Exhibit 2 hereto), in conjunction with patent applicant's admission in paragraph 52 of its "Answer to Counterclaim" in the litigation (Exhibit 3 hereto) "that Gary provided education and hypnosis." (Note: MPEP §2258F(1) provides that "an admission by the patent owner of record in the file or in a court record may be utilized in combination with a patent or printed publication). Applicant was requested to provide this information in a meaningful fashion to the USPTO in both its request for reissue

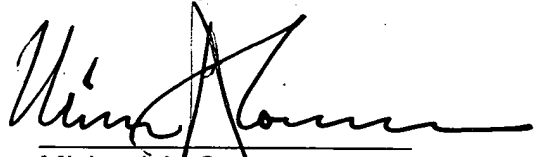

and its request for reexamination (see Exhibit 4 hereto). Applicant did not; rather it buried the pertinent Gary materials, the pertinent Goen materials, and the pertinent Gorayeb materials among thousands and thousands of pages of irrelevant and nonmaterial documents in violation of Patent Office Rules and practice.

The '874 patent claims are also not allowable over the information contained in Exhibit 5 hereto, "Submission of Prior Art Under 37 C.F.R. 1.501."

It is requested that the subject reissue application (and the related reexamination application) be acted upon and rejected with "special dispatch."
